TO WHOM IT MAY CONCERN

I wanted to use the services of Colin Singer office in my immigration to Canada process because it was recommended to me by two of my friends who successfully used his services and landed in Canada. Therefore I didn't hesitate in hiring Colin Singer lawyers even that I never met them in person, all communication was over the Internet. To my satisfaction I found that their services were of very high standards. They would reply to my emails very quickly and deal with my requests in a professional manner. Coming from an ex USSR country where no computerized record system exists made my waiting for the visa issuance a little bit longer that it would take for, say, European countries. Nevertheless, the staff of Colin Singer office always were professional and confident in the positive outcome of my case. This, in turn, without any doubt made me confident and assured of satisfactory results. Therefore, I would recommend the services of Colin Singer for your immigration to Canada case. If you have any questions, feel free to contact me at: [edwardintoronto@mail.com](mailto:edwardintoronto@mail.com)

Sincerely

### Letter 4

Dear Mr.Singer,

I wish to congratulate you on the professionalism and the sense of service that you and your team have shown during the preparation and the submission of my application for a Canadian Permanent Resident.

Frankly speaking, when I told my friends that I will retain the service of CCIRC, most of them said that it would be better to apply directly to the Canadian Embassy in Syria.Today and after more than two years of full support and back up by the CCIRC, I can confirm that CCIRC has save me time and money and I recommend them to all my friends.

We have faced together many obstacles and barriers due to the situation in Iraq "my birth country", but CCIRC team has overcome all these obstacles with a professional way that led to the Issuance of my Immigration Visa.

Finally, I wish to thank you for all your efforts & assistance and I can confirm to you that I will retain CCIRC services such as FSE program, medical insurance after my arrival to Canada .

## Letter 6

I would like to recommend the services of Colin R. Singer to other prospective visa applicants as I found their services and advice prompt and professional. Colin R Singer had advised at the start of the visa process that my application will likely qualify for the permanent resident visa. At that point I did not believe that I could qualify. And today, I have succeeded in obtaining the visa--just as Colin R. Singer had predicted. Many thanks to professional services of Mayada Jamil and Christina Benetti.

## Letter 7

Dear Colin R. Singer,

It was my pleasure to write a few words to express my great appreciation to you and your colleagues for your professional service you provided in the perion of my canadian permanent visa application. On behalf of my family I would like to say job perfectly well done.

During the last several years I had chosen Collin Singer Law Office handling my application for canadian permanent resident twice. The outcome for both applications ended successfully with interview waiver. Due to the personal reason I did not maintain my canadian permanent resident status after obtaining my permanent visa in the first time.

When I decided to submit my application in the second time I selected his Law Office again without any hesitation. Their efforts and expertise save me a great amount of time. The Collin Singer Law Office definitely is a leader in this field. He and his team members won great respect from his clients. They deserve a lot of credit.

Best wishes to you and your colleagues.

### **Letter 9**

Dear Mr. Singer,

How can we thank you for your and Ms. Drutman's careful attention to detail and professional conduct in successfully securing our Permanent Residency to Canada in JUST ONE YEAR!

During the period of our relationship, we discovered how a very professional and detailed letter to the Immigration Program Office can make a difference. The examining officer knew who we were about as your letter highlighted all the right reasons why we should be waived from our interview and finally be approved!

We are so excited about our move this summer to Vancouver! While we could have completed the immigration forms ourselves, having your staff with us all the way is well worth the reasonable fee we paid.

We would have trusted this important mission to no one else.

We had tried several times to file on our own that got us nowhere during those early years of our marriage.

I have already recommended your services to at least four of my friends!

My family looks forward to moving and we will soon be in Montreal once the summer months are here.

Do inform me of your full job hunting services- as I will consider working in Canada once my French is up to speed

### **Letter 15**

Dear Mr. Singer,

I am glad being able to give feedback on your services.

First of all, I thank you for assisting me in making this (immigration) happen.

Though, the immigration process to Canada is made now these days as simple as it can be and there are number of methods available for one to get this (immigration) worked out, I decided to use your advisory / facilitating services due to number of reasons, some of which I outline below:

- a) it is always handy to have some one advising you professionally for a nominal fee;
- b) given my work schedule and other commitments its hard for me to be up-to-date on the immigration laws and requirements; and a professional service provider gives the required information in essence and communicate with visa office and number of other authorities as needed.

In this respect, I found your services met my requirements and exceeded in some areas such as personalized service approach in the later part of the contract by your staff (eg. Larisa Drutman).

To Whom It may concern:

I have used the services available from [www.immigration.ca](http://www.immigration.ca) and Mr Colin Singer in applying for Landed immigration to Canada, for myself and my family a.

The process started in late 2003 and i received my stamped passports for Landing by Mid 2005.

The company has been dedicated to my requirements, from the moment i signed up with them, and they have being available to me both on the phone or email for any concerns or questions, and in this respect i have to say "Thank You" to Larisa, who was my case worker.

The Company was up front on all the charges for their services, and i received in full all the different aspects which i had paid for. This is a important assessment for anyone using their Services, as most of us who do use this service are from abroad , and there could be repercussions if extra costs are incurred which was not budgeted for.

I have no hesitation in promoting this Company and i hope all who apply through them will be as successful as i was in completing the process. Thank you Mr Singer , Larisa, and Office Staff for Singer and Co.

## **Letter 17**

Dear Mr. Singer:

I became a permanent resident of Canada on Friday, June 15, 2005. I entered through the Niagara Ranbow Bridge port of entry. The entire process took me about 19 months from start to finish. I wish to thank you and your staff for the excellent service provided through out the process from signing the contract to sending me my passport with my visa. I found comfort in your money-back guarantee. Having explored various other immigration services, I found your fees to be reasonable. The ability to pay in installments was also helpful. I was happy that there was clarity in the contract about the total amount charged and that there were no surprises or additional charges.

Your staff were prompt in replying to my e-mail queries (usually within 2 or 3 days). Often I was able to immediately reach the staff handling my case over the phone to have my concerns addressed. I would like to thank Sara Moarif and Christina Benetti in particular. I found the discussion forum moderated by your office extremely useful for following and discussing timelines and various immigration issues with other permanent resident applicants from around the world. It is an excellent forum.

I am glad I engaged your services.

Thank you.

Dear Mr. Colin R. Singer,

I don't know how to express it in words that I am so thankful for your help, guidance and support in getting my Canadian Immigration Visa approved. As you must be knowing that my case was a little different and difficult because I had originally filed my application from India and I had moved to US. Upon being here I was nervous as to what to do and whom to approach and I was given your reference by one of my relative in New York.

It sure was not easy from there because Canadian Immigration Laws had changed and I was really nervous as to what will happen to my case. Your office not only got my file transferred but also made sure that my file met with all the requirements under the new system/rule I would admit that during the process I did get frustrated and didn't know what is going on and I would like to thank you and your staff (especially Christina and Mayada) who took care of everything from the begging till the end. I don't think I could have got this far without your help.

I will definitely recommend my friends / relative to your office in the future should they need any assistance in Canadian Immigration matters. Once again thank you so much for everything.
